

LEROUGE PATRICE

Professor in Biochemistry, University of Rouen, France

UMR CNRS 6037, IFRMP 23, Université de Rouen 76821 Mont Saint Aignan, France

1985-1990 and 1992 : Research Scientist at CNRS, Centre de Recherche de Biochimie et de Génétique Cellulaire, University de Toulouse, France.

1991 : Research Scientist at Complex Carbohydrate Research Center, University of Georgia, Athens, USA

1993-1996 : Research Scientist at CNRS, Centre Régional Universitaire de Spectroscopie, Université de Rouen, France.

Since 1996: Professor of Biochemistry, University of Rouen, France.

Current research

- Structure and biosynthesis of glycans from plants
- N-glycosylation of therapeutic proteins produced in transgenic plants
- N-glycan engineering in plants
