

**Brent H. Zettl, B.S.A.**  
**President and CEO**

Brent Zettl is President and CEO of Prairie Plant Systems Inc. and SubTerra LLC. He is the driving force behind the company's continued commitment to R&D and the originator of the underground growth chamber (UGC). The first UGC constructed in Flin Flon, Manitoba, is now a GMP-compliant bioprocessing facility and houses Health Canada's medicinal marijuana production. That same year, SubTerra's UGC was developed in Michigan specifically for plant-based pharmaceutical production.
