

Bio for Scott A. Oglesby Ph.D.
Sr. Consultant, Drug Development, Worldwide Regulatory Affairs
PAREXEL, International

Since receiving his Ph.D. in Neurobiology in 1989, Dr. Oglesby has held leadership roles in both Contract Research Organizations and start-up biopharmaceutical companies. His broad clinical and regulatory experience spans the non clinical, clinical, and regulatory planning/management aspects of over 30 U.S. and international development programs in CNS, Endocrinology, Urology, Hematology, Gastrointestinal, Analgesia and Dermatology. This experience includes both small molecules and biologics via all routes of administration.
