

Dr. Brandon J. Price has 27 years of scientific and management experience in the biomanufacturing and biosafety industries. Prior to joining Goodwin Biotechnology as its President and CEO in 2000, he was CEO of CropTech Corporation, where he wrote the company's business plan and raised its first round of private financing. He was also Senior Vice President and Chief Operating Officer of MAGENTA Corporation and a key member of the team that led the parent company, BioReliance Corporation, public in 1997. Dr. Price currently serves as Board Chairman of the Virginia Biotechnology Association, is on the Technical Advisory Board for *BioProcessing*, is Program co-Chair for the BIO 2003 Meeting, and has also been appointed by Governor Warner as co-chair of the Virginia Biotechnology Initiative. He holds the Ph.D. degree in Biophysics from the University of Michigan in Ann Arbor and is the author of more than 50 articles in the scientific and business literature.
